

Mercedes-Benz CL500 C215 MY05

Description

This 2005 Mercedes-Benz CL500 is a special car. Being the last of the C215 chassis with all the updates and one of the lowest kilometers on the market at just 84,000. Every conceivable option was equipped on this Benz, some of the highlights include: Heated, ventilated and massage seats, update navigation unit, automated boot, HID headlights, tri-zone climate control, ABC (Active Body Control) suspension system and so much more. Finished in Obsidian over light tan leather this CL500 has to be seen and driven to be fully appreciated. These cars were the flagship model range of Mercedes at the time and were well up towards $300,000 when new. They cruise effortlessly and handle like only a German super cruiser can do. We think our example is currently one of, if not the best on the market and certainly has the lowest kilometers available at the present time. If you are considering one of these very special cars we would love to hear from you. NSW rego until March 2018.
