2015 Mercedes-Benz CLA250 Sport 4MATIC – AMG Styling – \$21,950

A stunning example of the highly desirable Mercedes-Benz CLA250 Sport 4MATIC, finished in beautiful charcoal metallic grey with black sports leather interior featuring contrasting red stitching.

This is the model to have in the C117 CLA range if you want serious performance and AMG-inspired styling without stepping all the way up to the considerably more expensive CLA45 AMG.

The CLA250 Sport is powered by Mercedes-Benz's excellent 2.0-litre direct-injection turbocharged petrol engine, producing a very healthy 350Nm of torque and coupled to the rapid-shifting 7G-DCT 7-speed dual-clutch transmission.

Better still, this is the 4MATIC All-Wheel Drive version, giving the car excellent traction and making full use of the turbocharged engine's

performance.

Sport Specification

The CLA250 Sport received a substantial amount of performance and styling equipment and looks dramatically different from the more basic CLA models.

Electronic Stability Control

This particular car has also been fitted with a brand-new set of aftermarket alloy wheels, which complement the charcoal metallic paintwork beautifully and give the car an even more purposeful appearance.

Very Well Serviced

Just as importantly, this CLA250 has been very well serviced throughout its life, something we consider particularly important when buying a performance-oriented European car of this age.

The combination of charcoal metallic grey, black interior with red stitching, AMG styling and the new alloy wheels makes this an exceptionally sharp-looking car.

With its sleek pillarless-style four-door coupe design, strong turbocharged performance and 4MATIC AWD, the CLA250 Sport still feels remarkably modern today.

A beautifully presented and well-maintained example with all the right ingredients.
