Mercedes-Benz CLK350 C209 MY06

Description

In 2006 when this lovely W209 Mercedes Benz CLK350 Avantgarde coupe came out it was and still is by far one of the sexiest looking cars on the market and with the newer V6 engine and better 7-speed gearbox from Benz this is a car with only 95,000 klms since new should have a very long life ahead of it. It's Obsidian black with dark grey leather which in our opinion is by far the best colour combination and is very good also for resale value. The car has a factory sun roof, blue tooth capabilities, wide colour satellite navigation, parking sensors and a very good Mercedes Benz log book from new here in Sydney. These cars were very expensive in 06 and are a very good buy in our opinion now; considering other Mercs from this era. We sell a lot of this series and are becoming very fussy about what we buy and it's a real pleasure to find a car that meets our high expectations yet again. This is priced well compared to others we have only just recently sold here in Sydney and this car has NSW registration until October 2018. A very stylish pillar-less coupe with loads of power and the finishes are second to none some of the best to come out of Germany. We very much look forward to meeting you in person one day soon and taking you for a nice test drive.
