Mercedes-Benz CLK430

Description

2001 update Mercedes Benz CLK430 coupe with a staggeringly low 103,000klms and a full service history from new. This Blue is the medium metallic that has a tinge of purple in it with the lighter grey quartz leather trim. The paint is in perfect condition and it has the additional alloy wheels that are factory and a leather steering wheel too. The car drives very well as you would expect with such low miles and obviously it was sold new here in Sydney with an Australian compliance plate. Good CLK's are hard to come across and we recent sold a very similar car for a fair bit more than this car so we think this is good value for money. It has NSW registration until August 2018 and overall in superb condition.
