$175K when new
– this is a car you can tell has been extremely well looked after and we are so picky when it comes to buying a second hand Merc
– it has the additional air pneumatic settings in the front seats for side and back support
– this model is so rare and will hopefully continue to hold it’s value very well moving forwards
– we are extremely thorough about the sort of cars we buy and go over them with a fine-tooth comb.
– this car will be mechanically checked over and receive a NSW roadworthy permit
– we are so excited to show you this fine example and look forward to meeting you in person one day soon
