– factory navigation system
– the newer 5.5 litre V8 is by far the most desirable engine and was over $175K when new
– this is a car you can tell has been extremely well looked after and we are so picky when it comes to buying a second hand Merc
– it has the additional air pneumatic settings in the front seats for side and back support
– this model is so rare and will hopefully continue to hold it's value very well moving forwards

** the wheel and tyre package is an upgrade from the original spec. It has the AMG 19 x8.5 inch rims on the front and 9.5 inch on the back with Contisport rubber 285/30/19 on the back and 255/30/19 on the front **

– we are extremely thorough about the sort of cars we buy and go over them with a fine-tooth comb.
– this car will be mechanically checked over and receive a NSW roadworthy permit
– we are so excited to show you this fine example and look forward to meeting you in person one day soon
