

Mercedes-Benz E-Class W211

Description

** Since 1994 our family run business has been specialising in prestige European car sales from our indoor warehouse in Sydney **

– this very late 2003 (MY04) Mercedes Benz E500 Avantgarde sedan has only travelled an amazing 79,000 klms since new with a full servicing history from new
– we wait for months and months for cars like this to come up and at under $20K they are considered by us to be a bargain.
– at over $150K when new this car still performs and drives like a modern day Mercedes Benz and in Zircon Silver with black leather it looks amazing
– brand new Michelin tyres
– 12 months NSW rego
– the 5-spoke Avantgarde wheels are stunning and this car is just loaded with awesome features
– 7 speed automatic
– the wide screen, colour navigation system, dual zone climate control air conditioning, blue tooth capable, parking sensors, cruise control with speed limiter and the list goes on
– being an Avantgarde the interior is slightly nicer with the silver inserts, carbon fibre dash components, electric seats with memory on both sides of the car, upgraded sounds and hopefully a far better resale value than other models
