Mercedes-Benz E-Class W211

Description

** Since 1994 our family run business has been specialising in prestige European car sales from our indoor warehouse in Sydney **

- this very late 2003 (MY04) Mercedes Benz E500 Avantgarde sedan has only travelled an amazing 79,000 klms since new with a full servicing history from new
- we wait for months and months for cars like this to come up and at under \$20K they are considered by us to be a bargain.
- at over \$150K when new this car still performs and drives like a modern day Mercedes Benz and in Zircon Silver with black leather it looks amazing
- brand new Michelin tyres
- 12 months NSW rego
- the 5-spoke Avantgarde wheels are stunning and this car is just loaded with awesome features
- 7 speed automatic
- the wide screen, colour navigation system, dual zone climate control air conditioning, blue tooth capable, parking sensors, cruise control with speed limiter and the list goes on
- being an Avantgarde the interior is slightly nicer with the silver inserts, carbon fibre dash components, electric seats with memory on both sides of the car, upgraded sounds and hopefully a far better resale value than other models

- if you are looking for a car which ticks all of the boxes then please take this late 03 W211 very seriously because we certainly do
- the carpets, headliner, paint, alloys, interior are all in tip top condition and we can't wait to show you

- we are extremely thorough about the sort of cars we buy and go over them with a fine-tooth comb.
- this car will be mechanically checked over and receive a NSW roadworthy permit
- we are so excited to show you this fine example and look forward to meeting you in person one day soon
