Mercedes-Benz E250 CDI A207

## Description

This is a lovely car that has been very well serviced since new and it's the newer look 2011 Mercedes Benz E250 CDi turbo diesel convertible in the most amazing colour combination. It's called indium grey with black leather interior and the Elegance series is loaded with all the favourite features. From the wider colour satellite navigation, blue tooth, upgraded sound package, cruise control with speed limiter and a nicer interior with the wooden upgrades. This would have been such an expensive car new compared to this very reasonable asking price and for a late model diesel Mercedes they really are one of the best medium sized convertibles in the world to drive. We are so proud of this fine example and we are going to take it to our Mercedes specialist to have a thorough check over and have any items repaired prior to sale the require attention. It is also registered until February 2019 which is always a nice added bonus.
