Mercedes-Benz E250 CDI MY12

Description

This is a lovely country car that has been very well serviced since new and it's the newer look 2012 Mercedes Benz E250 CDi turbo diesel. Being the 2012 series you get the larger more powerful engine and the colour combination we have on offer here is just superb. It's called indium grey with black leather interior and the Avantgarde series is loaded with all the favourite features. From the wider colour satellite navigation, blue tooth, upgraded sound package, cruise control with speed limiter and a nicer interior with the aluminium upgrades. This would have been such an expensive car new compared to this very reasonable asking price and for a late model diesel Mercedes they really are one of the best medium sized four door sedans in the world to drive. We are so proud of this fine example and we are going to take it to our Mercedes specialist to have a thorough check over and have any items repaired prior to sale the require attention.
