

Mercedes-Benz E250 CGI

Description

Just recently traded in on a beautiful Mercedes Benz is another stunning black sedan from 2010. It’s an E250 CGi turbocharged four door that has been a Sydney car and a one owner since brand new with every single service being carried out by the Mercedes dealership. The colour is absolutely superb being a metallic black with the very dark grey leather interior and it’s an Avantgarde which means it was the top of the range without being an AMG Sport. You get colour navigation, blue tooth, AMG alloy wheels which were a nice option as were the electric memory seats in the two front chairs, extra lumbar support and so much more. Cruise control, parking sensors, dual zone climate control air conditioning, and with 84,000 klms and it drives so well and is just so tight. We are so proud of this car and it is registered in NSW until December 2018. Please take the time to come and see this extremely good example that we are very excited to show you!

Here at the Oldtimer Centre® we are located at 29-31 Antoine Street, Rydalmere, NSW 2116. Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate
