

Mercedes-Benz E250 CGI C207

Description

When this new shape E-Class was released in 2009 the Avantgarde E250 coupe really was and still is one of the most stunning, fuel efficient and elegant Mercs ever to come out of Germany. This is actually a 2010 model and is one of those cars with 90,000 original klms that you take one look inside the window and service book for that matter and you can just tell how well it’s been cared for by the previous owner so thank you! Zircon Silver with the dark charcoal almost black leather trim looks superb and being an Avantgarde you get so many fabulous options. These include a nice set of 18 ? factory alloy wheels, a panoramic glass larger sun roof, full leather trim, cruise control, a stunning Avantgarde interior, navigation, bluetooth and an upgraded sound system. This is just such a sensible car to buy in so many ways we hope you agree when you come to our dealership and take a look in person. It’s a very desirable car for so many reasons. We are taking this to our Mercedes specialist for a complete check over and look forward to taking you for a drive.
