

Mercedes-Benz E320 W211

Description

We absolutely fell in love with this 2004 Mercedes Benz E320 Avantgarde Touring station wagon when we saw this car that only has 139,000 klms and its up to date servicing history. Dark navy blue with black leather interior is such an easy colour to keep clean and please keep in mind when you view our photos that this car has not been detailed yet. It has all the great options such as stainless steel interior, AMG alloys, AMG steering wheel from an E55, a sun roof, satellite navigation, cruise control, CD stacker, dual zone climate control air conditioning, and also has loads of NSW registration until February 2018. This is an excellent buy in our opinion and is priced very well considering others we have sold recently. Wagons hold their value so well and here in Sydney they are very popular but in short supply. With very good service books we are proud to offer such an original 13 year old example. Please take the time to come in and see for yourself how good it is.

Here at the Oldtimer Centre® we are located at 29-31 Antoine Street, Rydalmere, NSW 2116. Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate
