

Mercedes-Benz E350 MY08

## Description

This Mercedes Benz E350 Avantgarde Edition is the update 2008 model W211 series and has done 150,000 klms in metallic grey with black leather interior and being an Avantgarde you get so many awesome features. From the leather seats, climate control dual zone air conditioning, sun roof, newer headlights, cruise control, speed limiter, piano wood, better interior than an Elegance series and so much more. When new this would have all cost around $145K and this car with reasonable klms for a 10 year old car is extremely good value for money especially in this colour combination. This engine is bullet proof and should go for many many years as long as it’s looked after as this car has been since new. With features such as blue tooth compatibility, navigation, electric seats with memory this still looks and feels like a very modern car. We can’t wait to show you this excellent example and hope you agree as to how good it is in the flesh. There is quite literally nothing to spend on this stunning example which has a full and up to date servicing history from new.

Here at the Oldtimer Centre® we are located at 29-31 Antoine Street, Rydalmere, NSW 2116.
