

Mercedes-Benz E350 W211

Description

When this Mercedes Benz E350 Elegance came out in 2005 it was the W211 series which had the more modern engine, newer front head lights and a 7 speed automatic gearbox as well as the MB Comand interface. We are so proud to be offering a car with only 93,000 genuine klms since new, it’s metallic black in colour with dark grey leather interior and really is a very tidy example with very little to spend. This engine is bullet proof and should go for many many years as long as it’s looked after as this car has been since new. With features such as blue tooth, navigation, sun roof, electric seats with memory and dual zone air conditioning this still looks and feels like a very modern car. We can’t wait to show you this excellent example and hope you agree as to how good it is in the flesh. Registered here in NSW and with a very new looking set of tyres.
