Mercedes-Benz ML280 CDI MY08

Description

Probably the stand out of the year here at our Sydney based dealership as the best used car we have come across. This absolutely lovely 2008 Mercedes Benz ML280 CDi turbo diesel 4WD might have travelled 190,000 klms since new but looks and feels like a car that has travelled 30,000 klms. In stunning in Calcite white with light grey interior and a set of factory alloy wheels with good tyres. It has a factory sun roof, alloys, a full Mercedes Benz servicing history from new with literally every single service at the Benz dealer, dual zone climate control air conditioning, cruise control, CD player, remote locking and overall a very nice car. With the 2 original keys this W164 will be a superb car to own and in our opinion this model has so much going for it from it's excellent performance, low fuel consumption and great resale value. Please take the time to come in to our dealership and have a closer look at this new shape ML that was only just traded on a late model car here in Sydney.
