Mercedes-Benz ML320 CDI MY09

Description

What great value for money these are now. A 2009 newer update series Mercedes Benz ML320CDi Luxury package in Zircon silver with black leather interior. It has the extra comfortable leather interior, sun roof, alloy wheels, parking sensors, and only 158,000 klms which for a turbo diesel is nothing. Being the update series you get the whole new front end with the better headlights, nicer leather interior and overall a better resale value we hope. We sell so many of this W164 series and have become very picky as to what we sell. In fact this car was traded on another European car and has been well maintained since it was new. Spare keys, original owner's manuals, log books, and in one of the easiest and popular colour combinations on offer in a 4WD. This car needs to be seen in person and driven to fully appreciate how good it is and it's currently registered in NSW until August 2018. It has been meticulously looked after by not only Merc but a specialist in the North Shore who are excellent – we really are so proud of this car and can't wait to show you.
