Mercedes-Benz ML320 CDI W164

Description

This is one of those new shape 2006 ML320CDi Sport Edition turbo diesels with 186,000 klms since new that you really need to come in personally and see just how good it is in the flesh. It has a good service history and there is nothing that we can see or feel that his car needs urgently. Cubanite with dark grey leather/suede interior has to be the best colour combination, it's registered until April 2018 and being a Sport it has loads of excellent features. It has larger 19 inch factory Mercedes wheels, electric seats, CD stacker, cruise control, wood grain interior, dual zone climate control air conditioning, power steering, blue tooth, parking sensors and so much more. This is just such a tight and perfect example inside and out it's one of those cars that you could literally buy without coming to see in person. We have two full time in-house mechanics who are very fussy and go over our cars thoroughly before they leave the dealership. We just hope that the next owner looks after this ML like the last one has. We look forward to meeting you soon.
