Mercedes-Benz ML63 W164

Description

** Since 1994 our business has been specialising in prestige European car sales from our indoor warehouse in Sydney **

- 2009 update series Mercedes Benz ML63 AMG with 82,000 klms only
- the update was a whole new car with a nicer front bumper and light layout, better interior and it means a far better resale value moving forwards in our opinion
- Cubanite with charcoal grey leather is so nice to see compared to the majority of silver and black cars for sale
- this is a very mature colour and gives it the real “sheep in wolves clothing” appearance
- if you know about these ML63’s there are lots to look out for and we are very proud to say that this car ticks every single box
- it’s super quiet upon start-up with no tappet noises or clicking from the lifters which is very common on cars that haven’t been looked after correctly
- always serviced on time
- inside is in as new condition and even smells like a very good quality Mercedes Benz should
- heated front seats that are electronic with memory settings
- reversing camera
- blue tooth for phone calls and you can purchase an adaptor for music

streaming

- parking sensors on the front and rear of the vehicle
- adjustable suspension
- Harmon Kardon sound upgrade
- Xenon lights
- factory sun roof
- just one of the loveliest examples we have seen in many years
- if you are a fussy buyer please look no further and come and see us
- this car was traded in on a brand new Volvo in Sydney which is an excellent sign
- all of the alloy wheels are unmarked with no gutter rash
- drives like it has been very well looked after and not thrashed
- the alloy wheels are also a lovely pale grey finish which really suits the exterior colour
- this car still accelerates to 100 kph in around 5 seconds which is incredible for a car of this size
- this car has been checked thoroughly and it's Takata air bag has already been replaced
- at over \$160,000 when new this is extremely good value for money and especially in this sort of condition
- the update has the brand new style steering wheel, aluminium side steps and pedals
- the timber interior is the very dark charcoal with a burred fleck through it and suits it so well
- this was by far the flagship of all Mercedes 4WDs and probably most of the other car manufacturers around 10 years ago
- they also drive more like a car than a 4WD with a superb seating position and excellent ride handling. Mercedes Benz were so smart with how they set this car up to suit all drivers.
- Power is transferred to the permanent all-wheel drive system – which boasts a 40:60 torque split – through an AMG SPEEDSHIFT 7G-TRONIC automatic transmission with three drive modes.
- we are extremely thorough about the sort of cars we buy and go over them with a fine- tooth comb.

– this car will be mechanically checked over and receive a NSW roadworthy permit

– we are so excited to show you this fine example and look forward to meeting you in person one day soon

* now with a 360 degree SPINCAR interior and exterior interactive experience

* very passionate expert staff have over 25 years of experience

* over 5,000 prestige motor vehicles sold here in Sydney
