Mercedes-Benz R300 CDI MY2010

## Description

This 2009 (MY10) Mercedes Benz R300 CDI 7-seater GRAND EDITION in Obsidian black with black full leather interior has everything you could hope for. It's travelled only 64,000 kms in around 9 years which is very low, has loads of extra woodgrain interior and not only does it have an excellent servicing history but most are from Mercedes Benz It also has a stunning set of larger factory alloy wheels. It has memory electric seats, electric steering column, blue tooth, factory navigation, reversing camera, CD player via a stacker, cruise control and dual zone climate control air conditioning. We sell a lot of R-Classes and this certainly is a very nice package and we look forward to showing you this lovely car in person and taking you for a drive. These are excellent value for money in our opinion and will hopefully continue to hold their value very well moving forwards. Rear air conditioning, easy access to the third row of seats, 2 remote keys and a very very good car all round.

The Grand Edition has some very nice options too; the very popular 4-Matic all-wheel-drive system as standard equipment. It is the only model in the R-Class line up to mate the 3.0 litre turbodiesel V6 with an AWD drivetrain.

Styling has been updated with the addition of LED daytime running lights to the front air dam, tinted rear light clusters, 20-inch AMG alloy wheels, privacy glass from the B-pillar rearward.

The interior also benefits from a three-spoke AMG steering wheel with integrated shift paddles, anthracite poplar wood trim and brushed alloy pedals.

The audio system features 4GB of onboard music storage, and can also play music from SD cards. Voice recognition software enables the driver to have hands-free control of basic audio and phone functions.
