

Mercedes-Benz R500 V251 MY2010

Description

This 2010 Mercedes Benz R500 Long wheel base “AMG Edition” 7-seater LUXURY in Obsidian black has everything you could hope for. It’s travelled only 95,000 klms in around 8 years which is very normal and not only does it have an excellent servicing history all from Mercedes Benz dealerships and specialists but has a stunning set of larger AMG factory alloy wheels. It has full leather interior, memory electric seats, wood grain throughout, rear DVD entertainment, dual sun roofs which is nice for the kids in the back, electric steering column, blue tooth compatible, CD player via a stacker, AUX input, cruise control and dual zone climate control air conditioning. We sell a lot of R-Classes and this certainly is a very nice package and we look forward to showing you this lovely car in person and taking you for a drive. These are excellent value for money in our opinion and will hopefully continue to hold their value very well moving forwards. Rear air conditioning, slight body kit, easy access to the third row of seats, 2 remote keys and a rear parcel tray cover.
