Mercedes-Benz S350 W220 MY05

Description

This 2005 update Mercedes Benz S350 with 76,000 km sedan has it all. From the stunning light silver with the charcoal grey leather interior, service books from new, rear TV entertainment, navigation, blue tooth, alloy wheels and just one of those very well looked after cars that will make any fussy buyer happy. Here in Sydney we sell loads of this W220 chassis and know exactly what to look for and we are pleased to say that this car ticks all the boxes. The condition of the leather is absolutely amazing, the paint is pretty much unmarked, the door trims, head liner, tyres and dash condition is second to none. Please take out the time to come and look at this S350 2005 which has the more modern front lights, wider colour navigation screen, parking sensors all round, cruise control, dual zone climate control air conditioning and electric seats for both people in the front with memory settings on each. We are so proud of this car and hope you agree that the condition is outstanding. It even has November 2018 registration and we are sending this car to a Mercedes Benz specialist for a check over and service.
