

Mercedes-Benz S350 W221 MY07

Description

The 2007 built gorgeous W221 series Meredes Benz S350 is one of the best value Benz's on the market and this car is Obsidian black with black leather interior and a full Mercedes Benz servicing history from new and a very good car. It has a wood grain steering wheel, long spoke factory alloy wheels, navigation, reversing camera, Bluetooth, electric seats with memory for both front seats and has had a very good life we think. The paint is lovely, the leather is soft and fresh, the head lining isn't worn out or dirty, it has a clean feel about it and we hope you agree that not only does this S-Class tick a lot of boxes but with 110,000 klms in 10 years it's really only just opening up its long legs. Recently we bought another black S350 from this era and it only took a week to sell and this is equally as good a car. Please take out the time to come and see this in person and we will register this car in NSW for the successful buyer.
