

Porsche 911 Carrera S

Description

Through umpteen iterations since its inception in 1963, the Nine Eleven reached its pinnacle with the 993. Considered by the cognoscenti as arguably the most beautiful of all the 911s, it is also notably the very last of the air cooled Porsches earning it a very special place in history.

Within the illustrious 993 range, from C2 right through to Turbo and RS, the S is without doubt the most stunning. It sports curvaceous wider hips, turbo front grille, and is the only model in the line-up with the distinctive and gorgeous twin rear grille.

We are extremely proud to offer this immaculate, South African delivered 1997 993S in the model's magnificent hero launch colour of Vesuvio Metallic (L40X) and only 102,000km driven. It is in unfettered 100% original condition.

This incredibly rare vehicle left Stuttgart not with the sluggish and antiquated Tiptronic gear box that the majority of the S models received, but with the ultra-desirable 6 Speed Manual box that makes this 993S a true driver's car and an absolute joy for the enthusiast.

Inside you'll find the Vesuvio trade-mark two-tone interior – a special issue for the Vesuvio launch colour… so of the period. You'll also find the original stereo, a sunroof, and A/C climate control that blows icy cold.

The 3.6 litre flat six is of the more powerful “Varioram” variety. It has been serviced religiously with Porsche dealerships and Porsche accredited mechanics its entire life. All original books, folders and documents will be found in the glove box.

Completing the look and enhancing the individuality and sportiness of this splendid machine, at each corner you’ll find RS/GT2 style two-piece Speedline Wheels clad in Michelin Pilot Sport rubber.

As the photos will attest, this car presents as new. The interior is without blemish. The exterior near perfect with only a stone chip or two as evidence that it has been enjoyed. And the underside presents just as well.

Prised from the ownership of a wealthy collector in South Africa, this special vehicle has had the luxury of a spoilt life in a dry climate. As 993S in manual very rarely come to market, it’s safe to say that this vehicle’s next owner will be very lucky indeed.
