2021 Volkswagen Polo 85TSI Comfortline – Only 30,000 km

\$21,950.00

Here is a particularly nice example of the 2021 Volkswagen Polo AW MY21 85TSI Comfortline, finished in black with a black interior and travelled an exceptionally low 30,000 kilometres since new.

This is a car we know extremely well, having been personally owned and driven by the proprietor's partner, who is an exceptionally careful and gentle driver! It has genuinely had a very easy life and presents beautifully both inside and out.

Powered by Volkswagen's economical and surprisingly lively 1.0-litre turbocharged TSI engine, coupled to the 7-speed DSG automatic transmission, the Polo is a terrific combination of performance, fuel economy and ease of driving. It's equally at home around Sydney as it is on a longer

highway trip.

The Comfortline is very well equipped and includes features such as:

Apple CarPlay

Touchscreen infotainment system

Bluetooth connectivity

Multi-function steering wheel

Cruise control

Air conditioning

Electric windows and mirrors

Remote central locking

Alloy wheels

Multiple airbags and Volkswagen's comprehensive electronic safety systems

Importantly, this Polo has been recently serviced and has also just received two new tyres, so it is ready for its next owner to simply get in and enjoy.

With only 30,000 km, known ownership, excellent presentation and the reassurance of buying a car that we have personal knowledge of, this is a particularly appealing example of the popular Polo.
