

Volvo S60

Description

This stunning 2011 Volvo S60 T6 AWD was the top of the range S60 in its day and wow what an amazing car these car. Powered by a turbocharged 3.0-litre DOHC 6-cylinder petrol engine. Output for this powerplant rings in at 224 kW and 440 Nm, sufficient to give the Volvo some decent kick off the line. With respect to the ride and handling, the new car is definitely a bit edgier than the original S60 base model; its speed-sensitive steering is crisper and Volvo have done away with the adjustable suspension system that seemed to range from mushy to a bit less mushy. The car’s suspension system, a MacPherson front suspension and multi-link set-up in the back, is very refined, while anti-roll bars front and back have brought further control to the situation.

In brilliant red with black leather interior our example has travelled a sensible 90,000 klms since new and service books that are up to day. This car is also registered here in NSW until November 2018 and has ice cold air conditioning as we just serviced it.

Please take out the time to come and see this gorgeous car!

Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate transport can be arranged easily, car history reports are available upon request, we don't buy our cars from auction houses and we are located only 10 minutes from Sydney Airport in three indoor showrooms. Extended warranties are available from an excellent company and our main aim is to form an ongoing relationship with you for many years. We're also an agent for the NSW Roads and Maritime Services so transfer of registration etc can be done at our office. Please contact us for a very personal experience and as always a great deal on price.
