Volvo V50 MY12

Description

In 2012 when this Volvo V50 POLESTAR station wagon arrived this was certainly the pick of the model line-up. It's the T5 turbo charged engine and has the R-Design package and has only travelled 69,000 klms since new and is a lovely Arctic white with blackleather interior. They're such a fabulous car with a very good reputation and in the industry we rarely hear of major things going wrong with this model. The Polestar has an even better amount of sportier features but the T5 R-Design already has a very smart sports interior, larger factory alloy wheels, body kit, rear spoiler, and most importantly a very good resale value compared to the standard cars. Good station wagons are hard to find and not only is the colour combination great, but the overall condition of this car is well above average. In fact it's only just been to Volvo to have a final check over prior to sale. Here in Sydney we see a lot of these wagons and are starting to become very fussy about what we sell; if the cars aren't good enough we simply send them back once we check them over. Please take the time to come in and have a look at this V50 that has loads of features such as dual zone climate control air conditioning, cruise control, ABS, Side Impact Protection System, power windows and remote central locking from two keys. What a stunning car at a very sensible asking price with loads of NSW rego until September 2018.

Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we

are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate transport can be arranged easily, car history reports are available upon request, we don't buy our cars from auction houses and we are located only 10 minutes from Sydney Airport in three indoor showrooms. Extended warranties are available from an excellent company supported by Lloyds of London and our main aim is to form an ongoing relationship with you for many years. We're also an agent for the NSW Roads and Maritime Services so transfer of registration etc can be done at our office. Please contact us for a very personal experience and as always a great deal on price.
